

Donning PPE – non-contact

If more than 1.5 metres from residents in an orange zone

Hand hygiene

N95 Mask

or

or

Eye protection

or

Gloves

= MEG

- Use when delivering meals, 'click and collect' items etc.
- Health staff who can maintain 1.5 meters distance from residents (non-contact)
- Cleaning staff, except in the red zone or when high cleaning is required in an orange zone room (Full PPE is required when cleaning in a red zone or a room requiring a high clean).

Note: MEG is the minimum PPE to be worn in the resident areas
